**FRAMES AND CORNERS ARE NOT NECESSARY**

The latest innovation for **Trocellen ProGame tatami**, TIS series, is called **TIS Judo Easy**. This judo mat is based on the TIS Training tatami but is lighter, thanks to its special crosslinked 50kg/m<sup>3</sup> density polyethylene foam.

provide a more comfortable solution for athletes and trainers who want a steady homogenous surface for their martial art practice sessions.

Much softer, it is designed and studied for children's activities, to help them approach the martial art of judo and to

The **TIS Judo Easy mat** is approved by the International Judo Federation as a homologated mat for educational purposes, recognizing this product as appropriate for increasing basic skills.

## USAGE

**< 40kg/100kg >**

Athlete's weight supported by the tatami

## COMPOSITION

**PE/PVC**

Expanded reticulated PE foam laminated with PVC

## DIMENSIONS

**2000x1000x40mm**

**1000x1000x40mm**

## TATAMI WEIGHT

**6.0 kg**  
2000x1000mmx40mm

**3.0 kg**  
1000x1000mmx40mm

## COLORS\*

- YELLOW**
- RED**
- BLUE**
- OLIVE GREEN**
- BLACK**

## DENSITY

**50kg/m<sup>3</sup>**

The values indicated are referring to the foam layers used for the product itself

## EMBOSSING

**RICE STRAW**

## SAFETY

**NF EN 12503.1**

Tested on CRITT laboratories according to the European Norm NF EN 12503.1

## PACKAGING\*\*

**1050x2050x2300mm**

\*Others colors combinations available upon request.

\*\*Standard pallet's dimensions. Each pallet is protected by a PE film and cardboard corner protectors.
